UNESCO Book Coupon Plan for Obtaining "Physical Therapy Review"

The PHYSICAL THERAPY REVIEW offices have been informed that foreign orders for subscriptions to the REVIEW, or for single copies, may be placed through the UNESCO Book Coupon Plan. The Plan was established by the United Nations Educational, Scientific, and Cultural Organization to enable individuals and institutions in certain foreign countries to purchase American books and periodicals despite the dollar shortage. (The American Booksellers Association, Inc., has been designated by the United States State Department to handle the Plan in this country.)

UNESCO Book Coupons may be obtained at the Central Distributing Centers in all participating countries. (See list of Distribution Centers.)

Coupons are purchased in the currency of the participating country, thus by-passing the prohibitive dollar exchange.
